“ATTENTION: Parents Of College Bound High School Junior Students! FREE Workshop Reveals The Secrets To Getting All The Money You Need For College... No Matter How Much Money You Make, Or Have!”

Once You Discover These Unheard Of Secrets Of College Funding, Getting The Money You Need Is Easy!

If you are a college bound student, or the parent of one, make sure to read this article, as it could easily be the most important thing you ever read! Most families end up experiencing all kinds of anxiety and frustration when it comes to finding the money you need to pay for college, and with good reason. The average cost of ONE year of college ranges between \$10,000 and \$30,000! And, these costs are going up by as much as 7-8% per year! It will cost anywhere from \$45,000 - \$125,000 for a four year education. PER CHILD! Families fear having to spend their retirement savings, go deep into debt or even broke. But, it doesn't have to be this way!

The TRUTH About College Funding Revealed!

Most families fall into the trap of college funding hell. They get all kinds of bogus information from accountants, financial advisors, guidance counselors, financial aid offices, banks, you name it. Most people have no clue about the TRUTH of how college funding REALLY works! They usually fill the forms out wrong, get bum advice, think they make too much or little money, or put money in the wrong places, and so on. For example, did you know that putting money in one place could disqualify you for funding, when the exact same amount of money in a similar account will help you get money? Or that certain tax savings strategies will wreck your college funding chances? Or even that you can get accepted at a more expensive college and actually pay less out of pocket than at a more expensive school? See, there is a method that tells you:

- Exactly what you should do before applying!
- How to apply! (Most people mess this up badly!)
- How to arrange your finances to get the most money!
- How to pick schools that will give you the best financial deals! (Why waste time with schools that don't give you the most money?)
- Who you should listen to! (This will surprise you!)
- What the WORST thing you can do is! (Do this, and be sure to not get much, if any funding!)
- How to get money even if you don't qualify for need based aid!

The bottom line is that there are many ways to get money for college, but you simply aren't going to learn about them from magazine articles, school employees, counselors, or accountants, etc.!

Send your Child To The College Of Their Choice Without Spending Your Life's Savings!

FREE Workshop Reveals The Little Known College Funding Secrets Of Getting Maximum Money!

Let's face it. Getting a college education is essential to make it in the world nowadays. The problem is that getting through school takes more than studying and working hard. IT ALSO REQUIRES A PILE OF DOUGH! Isn't college stressful enough without adding the burden of the money issue to make it even tougher? If your child is diligent and motivated enough to go to college, shouldn't they have the option of going to the school they really want to attend? You know that's true, but for most families, this doesn't happen because of one reason and one reason alone. Not having the proper financing! Many families literally risk spending everything they have and more...to get their child through the right college. But, it doesn't have to be this way. All you need is one simple tool at your disposal: The Right Knowledge! If you understand how the college funding system really works, the odds are very high that your son or daughter can go to the best school for them and not put you in the poor house!

A local College Funding Specialist is holding a FREE workshop for all interested students and their parents to explain how the funding system works, what options you have available to get money...and how to legally get more money for college than you thought possible! These workshops are strictly educational, and will reveal the secrets of getting maximum money for college that we are confident you won't discover from any other source! You will not find this critical information from your accountant, banker, financial advisor or any other financial people. This area of finance is so complicated that it requires a full time specialist to stay on top of all the changes in the laws and rules.
