

# California Roadster

*The Car that has Revolutionized the Industry!*

With a range of up to 70 miles per charge, and a top speed of 25 mph, the California Roadster is the perfect Electric Vehicle to get you where you need to be... Whether you're going to the golf course, the market or simply out to enjoy a beautiful day, the California Roadster is your elegant choice for affordable luxury.

The California Roadster is not a kit or a modified golf cart – it is a street-legal automobile, with a proportionally correct composite body similar to that of a 1932 Ford.

You may also qualify for tax incentives with the purchase of a NEV (neighborhood electric vehicle) package.
