

# Kinship Center<sup>®</sup>

## FOSTER FAMILY CARE AND ADOPTION

*Supporting the creation and preservation of foster and adoptive families for children who need them.*

**EVERY CHILD  
NEEDS A FAMILY**

We welcome applicants of all ages, races and ethnicities.

There are no minimum income requirements, as long as you have adequate income to support yourself.

There is no fee when adopting a special needs child. Children may have special needs due to their age, membership in a sibling group, or due to abuse or neglect.

You can rent or own your home, as long as you have room for the child, or children you wish to parent.

Kinship Center will provide education, training and support for this special kind of parenthood.

Meet Aaron, a handsome 12-year-old boy who is both charming and charismatic. Like most children his age, he loves to ride his bike, play Game Boy, and listen to rock music. His favorite subject in school is science and has

expanded his interest by attending science camp for two consecutive years. Aaron has recently taken up a passion for cooking! He is very helpful around the house and gets along well with other children. He would like very much to be able to travel in the future and wishes to be a part of a family who could share traveling and culinary adventures with him. This sweet boy needs and deserves a forever family to guide and support him, and give him some of the opportunities that most children take for granted.
