

# Thank you Ken Slater of Neighbor's Financial Services

*Kenneth E. Slater*

We want to acknowledge the professional services of Ken Slater of Neighbor's Financial Services for his superb assistance in guiding us through the loan process in the purchase of our new South Salinas home. This is not the first time that Ken has assisted us in finding financial solutions. We requested his assistance when we needed to purchase

a car and remodel our last home. He's always been there.

Ken's reputation of being "one of the last honest guys around" and going the extra mile to find the appropriate loan package for his customers is immeasurable. Furthermore, Ken makes it a point to insure his customers fully understand the loan package and its responsibilities before signing. No surprises!

We publicly express our gratitude to Ken Slater of Neighbor's Financial Services for his invaluable assistance, expertise, honesty, credibility and down to earth manner in which he handles business and customers. As proud Salinas residents, it was a pleasure doing business with Ken again.

*"Thank you again Ken for going above  
and beyond the call of duty for us."*

Ed and Irene R. Valverde
