

THE COMPREHENSIVE CANCER CENTER

THE WAY YOU LOOK CAN CHANGE THE WAY YOU FEEL

That's why Salinas Valley Memorial Healthcare System has teamed up with the American Cancer Society to present the *Look Good...Feel Better*® program at the Salon inside our Comprehensive Cancer Center.

The way a woman looks can make a big difference in how she views herself and the world around her, especially when she's undergoing treatment for breast cancer.

Our collaboration with the American Cancer Society gives women the materials and support they need to get through treatment—beautifully.

At Salinas Valley Memorial, we're proud to be in partnership with the American Cancer Society, working together as *Neighbors Who Care*.
